

Grayrigg Church of England Primary School Positive Relationships, Behaviour and Anti-Bullying Policy

At Grayrigg we pride ourselves on the excellent behaviour of the children however this does not happen accidentally. It starts with school's Christian values: Friendship; forgiveness; truth and honesty; endurance and hope; compassion and respect; justice and peace; courage and humility.

Our school aims

At Grayrigg Church of England School we will aim to:

Inspire every child to reach further than they ever thought they could in all they do academically and personally. We strive to ensure every child has the opportunity to excel. We celebrate every unique journey of learning through Christian values of **hope, endurance and courage**.

Inspire every child to look beyond what they already know encouraging children to have confidence to explore the wider world through the Christian values of **respect, justice and compassion** with the confidence to tackle local, national and global issues preparing them for the ever changing world.

Inspire every child to be confident to lead: ensuring every child has the opportunity to view themselves as a leader having the confidence and courage to be the change, to recognise that they can make a difference and can inspire others to lead through **their humility, honesty, compassion, respect, integrity and hope**.

Inspire every child to be happy and healthy remembering that every child deserves to fulfil their potential and to do this they need to know how to look after their bodies: physically; mentally; emotionally and spiritually.

School Christian Values

	Core values	Rules
Nursery	Friendship	To treat others how we would want to be treated. To always think about how our actions make others feel.
Reception	Generosity	To share with others willingly- share things, my time, my cleverness and anything else that might help another person.
Year 1	Forgiveness (and saying sorry)	To always say sorry if we break the friendship rules (on purpose or accidentally). To always forgive our friends when they are sorry.
Year 2	Trust and Honesty	To always tell the truth and be honest. To never ask or expect anyone to lie for us.
Year 3	Endurance and Hope	To keep going even when the going gets tough. To never say never, but to look for a way to make "it" happen.
Year 4	Respect and compassion	To understand the differences are what make us unique and special. To recognise the suffering of others and seek to do something about it.
Year 5	Justice and Peace	To ensure to be fair in all we do. To stand up against injustice when it appears.
Year 6	Humility and courage	To have the courage to follow the right path even when others don't. To recognise that each individual is unique. To be the change you want to see.
Big People	Integrity, service and wisdom	All decisions made will be made with integrity with the children of our school at the heart of every decision made. We promise to always "go the extra mile" for the children and community we serve.

These values mature with the children as they move through the school, as they move on they do not disregard the value rules from the previous year they just adopt the new value rules for their new school year. The key to positive behaviour are the adults in school who like the children have their own Christian values but are expected to be excellent examples of ALL the values.

In years 3 and 4 children automatically become members of the Jnr Ethos Crew and are expected to uphold the Value rules- they understand that they are now role models to the acorns children and this is a responsibility- they are given a

badge which they should wear with pride. The badges are presented in Collective worship when the children make the following promise (written by the children)

"I promise to be kind, friendly and caring to everyone. I will model the values of friendship, forgiveness, truth and honesty as well as my own year group values. I am proud that the younger children look up to me and I will guide them by setting a good example. I will help to keep our Christian values at the centre of everything we do at school so that every day at Grayrigg is a great day for everyone"

In years 5 and 6 they are promoted to Ethos leaders and are presented with a new badge- they begin to recognise themselves as leaders of change. In Year 5 they adopt the value of peace- part of the role of ethos leaders is to be a peace keeper- they always seek to eliminate minor conflicts before they become more serious e.g. fall outs over who had the ball first!

"I promise to continue to be a good example, but also to recognise that as one of the oldest children in school I am now a leader and younger children might want to be like me. I am a leader of change for better- I know that change starts with me and I will only do things for the right reasons."

The honour of ethos crew is there for every child as we expect every child to be a good role model. It is not reserved for those with the best academic performance or those who can be bothered. It is not a reward, it is an expectation which the older children rise to. They are the big brothers and sisters of the school, they view school as a family. A family which is built on love and respect for one another.

In addition to the school rules, we have work rules (chosen by the children in Sep 2015)

KS2 (Agreed June 2014 by children)

To seize every opportunity to learn.

To always work to the best of our ability.

To take pride in all our work.

Aim High!

KS1

To listen to and follow instructions.

To always try my best.

To love learning.

Recognition and Reward:

The Ethos crew agreed that we shouldn't need rewards to behave- the reward is (in their words) being part of the Grayrigg family. In line with our final vision statement

For every child to be happy and healthy

We do want every child to recognise there is huge value in treating people with kindness and respect. Older children explore leaders and look at examples of people like Hitler to see what happens when a powerful leader lacks compassion. Therefore the Guardian angel award has been introduced. This is not awarded by the teachers- the children award it. They nominate someone who has been kind to them. The angel is taken home for the weekend with a note from the child who nominated them about what they did and how it made them feel.

If a child in the acorns has done something exceptional we will phone their parents/other nominated contact (e.g. grandparent) to share their success. We do not want children to judge themselves by material rewards but we do want them to know we are proud of them when they do well. In the Oaks parents will be e-mailed so that their family can let them know how proud they are. These only happen when something exceptional happens and it is up to each individual teachers.

Whilst we have high expectations, a parent may be interested to know what will happen if their child does not behave well at school. First and foremost I must emphasise that we pride ourselves on knowing each individual. We do ask that you trust us. If your child has an issue with another child tell us and we will deal with it. If the issue persists come and see us again and we will sort it out.

Children do fall out and minor incidents misunderstandings can easily be dealt with, if we all work together.

How parents can help?

- Always encourage your child to tell us immediately- it is so much easier to catch someone being naughty that day than 24 hours later.
- Keep talking to us
- Be sensitive-of course nobody deserves to be called a name, or be knocked over- but you don't know the whole story, you will only know one side.

What not to do..

- Never speak to the other child about their behaviour. It is a school issue and the child is the responsibility of the school and their parents- not you.

As a school we will

- Deal with the problem
- Make sure your child is OK and talk to you about any impact on your child
- If there is a reason for the child's behaviour the school may run mediation between the two children involved for minor fall outs. There is nothing more powerful than open, honest conversations in a safe environment,

We will NOT

- Tell you the reason for the other child's behaviour- unless you need to know e.g. Your child may have also been mean
- Tell you the exact outcomes for the other child. They will be dealt with confidentially, if we talk to the other child's parents it will be confidentially. We will not publically humiliate any child therefore if your child tells you we haven't dealt with it- ask us. And we will ensure you it has been dealt with- just in a confidential manner. A courtesy I am sure you would expect if it were the other way round.

As a guide any issues of poor or unacceptable behaviour are managed in the following ways:

- 1) Immediate action is taken by members of staff in order to address the behaviour: with very young children, redirect them to another activity, ask them to come and work with you, etc. Ask to see the child/or work and stop the poor behaviour in this way.
- 2) Staff will talk to the child in a calm way, addressing the behaviour and the problems it may have caused. This should, whenever possible, be done away from other children, i.e. at the side of a group, a separate place in the classroom etc.
- 3) Children are asked to consider their actions and why they have behaved in that way.
- 5) Staff observe the child and monitor the behaviour.
- 7) If the incident is more serious child may lose play time or if an older child is involved the teacher will (when possible) liaise with them about an appropriate consequence.
- 8) If the inappropriate behaviour does not cease, the child will be sent to the Headteacher at that point and the incident will be recorded in the SMS/behaviour log.
- 9) If a child's behaviour is repeatedly recorded in the SMS/behaviour log, or if the head teacher feels it is appropriate, then they will speak to the parents, however, it is important to remember that if the behaviour is dealt with and the child has understood, then parents do not need to be informed and a line can be drawn under this for the child (it is important that it is finished with a view to start afresh).

10) Should any member of staff have concerns about a child's behaviour they should involve parents at an early stage for an informal discussion in order to solve the problem before it escalates. If there are sufficient concerns this will be minuted as a team around the child meeting and further steps will be explored as part of an early help assessment exploring reason for the behaviour. Only in extreme cases will a child be given a fixed term exclusion or permanent exclusion. Exclusion will be dealt with in accordance with DFE guidance: **Exclusion from maintained schools, Academies and pupil referral units in England**

A Behaviour Record should be kept for any child that is causing concern to any member of staff; this record will record the child's behaviour, the action taken and the dialogue with parents. This information will then be used if additional support is required for a child. There is a central file locked in the Head Teachers office which staff use for this purpose and to ensure the Head Teacher is aware of any ongoing issues.
